

# Project Status Report FINAL

## Project Information:

- **Project Name:** NBP Crasher
- **Project Manager:** Przemysław Kowalski
- **Report Date:** 17.01.2025
- **Project Duration:** 08.12.2024 – 31.01.2025

## Key Achievements:

- Fixed deployment to the environment via PR ([#58](#)) which was reported by tester (issue [#57](#)) during testing phase ([#36](#)),
- Fixed displaying the dominant on the frontend via PR ([#59](#)) which was reported by tester (issue [#56](#)) during testing phase ([#36](#)). Added tests so it is guaranteed that it will not happen again,
- No further/new defects found during the retesting phase.

## Current Status:

- **Milestones Progress:** Test environment deployment and displaying data on the UI (frontend) fixed successfully,
- **Current Tasks Overview:** Application is ready for production deployment.
- **Project Completion Percentage:** 100% (includes frontend, backend, test environment deployment, automated & manual testing phases).

## Issues and Challenges:

- None.

## Upcoming Milestones and Tasks:

- Application handover ([#40](#)).
